

The wait for a faster way to file forms and documents with the California workers' compensation court system is over. Introducing JET File, the Division of Workers' Compensation's new electronic filing method. Designed and built for those annually filing 100 or more of the six most common court forms, JET File offers many advantages for claims administrators, representatives, lien claimants, self-insured employers, and others.

## Fast

*File at the speed of bytes*

*Fly over the paper queue at DWC district offices*

*Receive immediate electronic response of success or errors*

## Flexible

*Submit one or many documents in a single transmission*

*Choose from three JET filing methods*

*Utilize OCR or e-forms (if in e-forms trial) as needed*

## Reliable

*File securely*

*Know your documents were received and processed successfully*

*Gain accuracy through electronic error information*

Use approved vendor software

1

Use the services of an approved third party filer to JET File on your behalf

2

Build your own jet stream using the specifications on the JET File page of the DWC Web site

3

### Get informed

- o Go to [www.dwc.ca.gov](http://www.dwc.ca.gov). Click on the JET File logo under EAMS on the right side of the page. There you'll find:
  - Informational videos
  - FAQs
  - And more!

### Get engaged

- o Stay up to date on current EAMS events by subscribing to the e-newsletter: *EAMS Insider*
- o Send your JET File questions to [eams@dir.ca.gov](mailto:eams@dir.ca.gov) | put JET File in the subject line

### Get going

- o Go to [www.dwc.ca.gov](http://www.dwc.ca.gov). Click on the JET File logo under EAMS on the right side of the page. There you'll find:
  - Approved software vendors
  - Approved third party filers
  - Technical specifications to build your own JET stream
